

KY NASP® NOTES - October 2015

Do you want to compete in tournaments –

- IN SCHOOL TEACHING REQUIREMENT!!!! - If you plan to compete in ANY NASP competitions this year, you must make sure that NASP is taught in school by a certified Basic Archery Instructor (BAI). These lessons must be taught in school, in a class during the school day as part of the class' curriculum in EVERY school that provides archers that compete. This includes schools that are shooting up and schools joining together using the small school rule.
- If you want to sign archers up for a tournament, you MUST have permission from the school before you sign them up. The school makes the decision if an archer can participate. BAI certification does not give anyone the right to sign archers up for events. The school must give you permission to do so.

Make Money for your program –

- Please do not forget about our video competition..... We need a promotional video for the KY NASP program. We cannot think of a better group of folks to create it than you. The theme of the video will be "NASP is for me". We hope to show that NASP is for everyone. We have an extremely diverse group of archers in this program and we want to show it. The video should be at least 30 seconds and no more than 1 minute. At the end of the video you need to instruct them to go to fw.ky.gov/NASP for more information. They need to be completed and uploaded to youtube no later than 12/1/15. Please name the video "KY NASP Promo – school name" (where 'school name' is the name of your school). Please send me (patrick.oconnell@ky.gov) the link to the video once it is uploaded. We get to use all entries. A jury of KY NASP Regional Coordinators and Fish and Wildlife employees will narrow the field of entries to the top ten. We will then promote the videos and use total number of views to determine the winners. The winning school will get a \$2000 grant for archery equipment ordered through NASP and will get to pick a brand new NASP school to receive a \$2000 grant toward the purchase of a NASP kit (this school must commit to implementing the NASP program on a long term basis). Second and third place finishers will receive \$500 grants each. Anyone can help produce this video (parents, teachers, students, school clubs like STLP, ANYONE can help). Be creative!!!! I know you can do it.

Tournaments –

- The Team State tournament will be March 21st and 22nd in Louisville at the downtown convention center. Our hotel for this event will be "The Galt House".
- The Individual State tournament will be March 26, 2016. Elkhorn Middle school will be hosting this event at The Cross Center in Midway KY.

- Regional tournament host have been finalized. Remember, to advance to the State tournament (and beyond), participation at the regional tournament is required.
